If you would like to bike to the meeting there will be a meet up at Oddfellows in the Bishop Arts District at 5:30 pm to ride to the Salon Las Americas.

Be sure to head out to show your support for the proposed alignment. The larger the turnout, the better chance we'll have of getting this infrastructure put into place. It is important to fill out the QUESTIONNAIRES/COMMENT CARDS that the city will have on hand at the meeting; the city reviews the comments and counts these cards for yays and nays.
